

HOW TO USE THE TEMPLATES

1. Cut out each basic side view shown, following the outside edge of the outline. DISCARD THESE PIECES.
2. Separate templates if you wish, by cutting along the dotted lines. Lay a template on the stock and trace the part profile through the opening cut in step 1.

A SUBSIDIARY OF DAMON

SP-41

S-1411-71

Cut on the outside edge of all lines.
